New York, March 30.—Bar silver 2 1/2.

## New York Dry Goods.

New York, March 30.—Demand has been moderate in all departments with preference for clothing wools, many buyers having been attracted here by the auction sale of Corkscrew and Worsteds, which passed off very satisfactorily.

## New York Mining Market.

New York, March 30.—The *Mail and Express* says: Mining shares were quiet but strong. Sales—Caledonia, Black Hills at 1.05, Bulwer at 52 @ 53, California & Virginia at 2.10, Bodie at 1.15, Little Chief at 20, Sutor Tunnel at 14, Father Desmet at 1.75, Mono at 2.05, Navajo at 27, Ophir at 60.

## New York Stock Market.

New York, March 29.—Government stocks opened decidedly weak and from 1/4 to over 1 percent lower, owing to the failure in the railroad strike negotiations, and of the attempt to harmonize co-interests. The declines, however, from the opening figures, were only fractional and the day's business may be described by the statement that the market was dull after the first thirty minutes, and closed dull and strong at or near the best figures of the day.

## The Chinese.

WASHINGTON, March 30.—The correspondence of the State Department, relating to immigration of Chinese which was sent to the Senate in compliance with a resolution offered by Senator Mitchell of Oregon, is now made public. It is voluminous, and relates chiefly to the detailed operations of the laws and the treaty on the subject to the issuance of certificates of transit of Chinese subjects across American territory, and to cases of individuals whose interests were found to be involved, but containing very little of general interest at this time.

## Indicted.

PORTLAND, Oregon, March 30.—The United States Grand Jury returned indictments against Nathan L. Baker and Allen White, leaders, and seven others of the mob who drove the Chinese out of Oregon City, on the morning of February 22nd. The men are indicted under section 5836 Revised statutes, relating to seditious conspiracy.

## THE PUGET SOUND PIPE CO.

OLYMPIA, W. T.

Sole Proprietors and Exclusive Manufacturers of

Borton's Water Pipe and Couplings.

These pipes are suitable for either water, oil or gas and are made to sustain a pressure of 500 pounds to the square inch, or a gravity head of over 600 feet. Water can be brought from any elevation in them without leakage or waste. The tube is made of the best Puget Sound pine which, being thoroughly seasoned, is spirally bound with strong iron bands of suitable strength for any required pressure. The whole exterior is then given a coat of asphaltum, which protects the iron from rust and the wood from insects or decay. The pipe is made in 3 feet lengths and spirally banded and connected with iron couplings. We manufacture this pipe in all sizes from 2 to 12 inches. The action of the water makes it perfectly water tight in a few hours. In point of durability this pipe exceeds all others. The asphaltum coating affords a thorough and almost everlasting protection to the iron banding against rust, while the wood being constantly saturated with water, will last for generations. It can be laid for from 1 to 4 cents per foot, according to sizes. It is from 1 1/4 to 1 1/2 the cost of iron and is equal in all respects to the very best standard iron pipe now in use. It will never corrode, or give the water a bad taste, as is the case with iron; is less liable to freeze, and can be sent distant points at 1/2 the cost. City or town corporations, or any others contemplating a system of water supply will find it greatly to their advantage to consult us for further information. All work guaranteed. Send for prices and quotations.
